Registration Fees:

To be determined by the International Board of Directors by October 2009

Registration fees include:

- on-site materials (handouts, seminar program, etc.)
- links to download the seminar music and learning media
- all classes
- admission to the opening and closing events
- all meals on class days (breakfast, lunch, dinner as well as snacks/non-alcoholic beverages such as coffee/tea).

The fees do not include the meal costs for the travel days, hotel room or transportation/travel. We have negotiated favorable rates at the hotels where each of these schools are being hosted and the idea is that many of our members will be able to drive/car pool to them rather than having to fly, which should contain some of the transportation costs. We will assist members in finding roommates to share the cost of the hotel room nights if need be.

Participants should plan to arrive on Thursday in time to attend the opening session Thursday night (those attending the Visual Leader Workshop should arrive Wednesday night for the all day Thursday workshop). IES Global schools include classes all day on Friday and Saturday. Participants should plan to depart on Sunday morning.

IES GLOBAL 2010 – Personal Performance Power – The Power in You!

If you are looking to be inspired, focus on your vocal and visual performance, and learn how to be a better singer within your chorus or quartet, IES Global Schools are the place for you! Personal Performance Power can be a life-changing experience for you! You will get to focus solely on YOU and what YOU need to learn to be a better and more successful ensemble singer! Our goal is to enrich and empower singers with skills that strengthen and integrate the voice, the body, and the mind into a total performer. This educational experience will help you recognize that you are part of a greater whole — by voice and the contributions you make to your chorus and quartet.

With an all embracing theme of Personal Performance Power, high energy classes are designed around “The Power In You!” as a singer and performer. Each school location will feature identical classes, and presentations which are designed to be interactive and experiential through the use of demonstration and active learning. You will experience learning in large and small group settings, all with a focus on student participation. An ingredient of what makes Personal Performance Power so special is the intimacy of smaller classes and highly creative class environments.

Classes are planned to help you uncover “The Power In You!” and will address issues faced by all chorus and quartet singers. You will learn about your vocal instrument - how it works, learning and employing skills that promote vocal energy, breath support, control, and management, resonance and vowel production. Integrating your voice into the art form, learning techniques to promote physical and vocal synchronization, and breathing life into your chorus experience will be examined. Personal responsibilities such as individual focus and discipline, mental and physical preparation, and balancing career and chorus/quartet life will also be explored. This is the perfect opportunity to help you grow into a successful, confident, and fearless performer! The sum total of any ensemble is only as strong as each individual member. Attending Personal Performance Power will give you the tools to help you get better at something you love to do!

Visual Leaders Workshop – July 22, 2010 – Rancho Mirage, CA:

A Visual Leaders Workshop is being offered one day prior to IES Global West in Rancho Mirage, CA. It is a full day of classes geared for visual team members. The entire day will focus on teaching skills, choreographic design methods, and offer tools to help your members increase their physical and emotional performance involvement. Hands-on learning will send you back to your chorus charged up ready to assist your members to explore new ways to share emotion as they dance and sing.

There is an additional fee to attend the Visual Leaders Workshop and attendees must also be registered for IES GLOBAL WEST in order to be eligible for participation.

International Young Women in Harmony Festival – July 16-17, 2010 – St. Louis, MO:

An International Young Women in Harmony Festival will be offered during IES Global Central in St. Louis, MO. It will take place on Friday afternoon and all day Saturday and participants are not required to be members of Sweet Adeline International. This is a wonderful way to introduce young women, aged 25 and under, to the barbershop art form through hands-on rehearsals culminating in a show package that will be presented on Saturday evening.

There is a small fee to participate in the YWIH Festival which will cover meals for Friday evening and all day Saturday. If a youth participant is registering to attend IES GLOBAL CENTRAL in its entirety, this fee will be waived.
