Region 5 uses the International Competition model of assigning rooms. Parties of 3 or more are assigned a double room. Parties of 2 are assigned a king/queen room depending on availability. Every effort will be made to keep chorus members together. Quartets will be assigned first, and given the opportunity to request adjoining rooms. "Adjoining" rooms may mean they are located next to each other, not "connected" to each other. The Holiday Inn City Centre has very few "connected" rooms.

Also note, the parking deck has a 6' 7" clearance on the ceiling. Over sized lift vans & trucks may not fit. Please let Housing know ASAP if you have a vehicle that will require special parking.
