Region 5 uses the International Competition model of assigning rooms. Parties of 3 or more are assigned a double room. Parties of 2 are assigned a king/queen room depending on availability. Every effort will be made to keep chorus members together. Quartets will be assigned first, and given the opportunity to request adjoining rooms. The Crowne Plaza does have adjoining rooms and will try to honor those requests when possible but please remember that there is no guarantee of adjoining rooms. Our first priority is to keep the chorus together as best we can.
