<b>Building a Quality Chorus</b> (41 minutes) Join Kathy Carmondy and explore the way that four of our most successful small choruses (Eastern Suffolk, Five Valley, Publick Times and Oklahoma Jubilee) achieve success. There are tips on rehearsal techniques, attracting and keeping new members, responsibilities within the choruses, and much more. A must for prospective, new, and small choruses, as well as those people who work with small groups.	
<b>Here Comes the Coach</b> (50 minutes) Join some of the organization's finest coaches, choruses and quartets as they explore the difference aspects of getting from where you are to where you want to be. See and hear good demonstrations of actual coaching sessions, and final results. A good learning tool for choruses, quartets, and coaches.
